Traveling Team(s) and Club Team(s) that do not originate from a youth non profit sports league with 100% Pomona residents and based in the City of Pomona are required to pay rental and lighting fees. All Travel and Club Teams must carry approved insurance policies, endorsements and coverage for any games, team(s) or tournaments they host.

DRAFT

Friendly/Inter League Games

The City of Pomona identifies the term “*Friendly Games*” as games between two (2) teams registered in separate leagues, clubs or traveling teams who agree to play in a non-tournament game for the purpose of playing a higher level of competition outside their league association or as an exhibition game with a league based within city limits or outside. Friendly Games are not played every week but are scheduled on occasion and have no bearing on a team’s wins or loss record for their respective league standings.

Friendly Games should be arranged and confirmed by league presidents, clubs or associations. Team coaches must inform their respected executive boards or heads of their club or associations to receive approval of Friendly Game. The president or head of an association must notify the City of Pomona Community Services Department. If communications are not made with all parties involved and approval is not granted, Friendly Games will be cancelled or immediately stopped on the field(s) by City staff.

Insurance coverage may be provided by the hosting league, club or association that pays to cover each visiting team(s) under their insurance policy and the City of Pomona with the requirements approved by the City of Pomona Risk Management office or each league, club or association must submit their own insurance policy that cover their team(s) and the City of Pomona.

Teams that are interested in participating in Friendly Games during “field closure due to renovations” or in between registration periods must obtain their own insurance policy or provide proof of coverage under the league, club or association they intend to play against. It is recommended that teams register with a league, club or association to have the necessary coverage for Friendly Games prior to these games.

The City of Pomona recognizes that Inter-League play is different from Friendly games because games are played between two separate leagues with no affiliation to a national or local headquarters. *Inter-League* is played among programs under the same affiliation from a national sports organization such as Little League, AYSO or Pony Programs. The Inter-League Games insurance coverage remains the same as they play an affiliated program within their national organization, district or regional boundaries. The insurance policy may change if a hosting or traveling team location requests a separate insurance policy from each team utilizing facilities.

Inter-League will be offered to approved Independent Leagues (Leagues that are not affiliated with a national sports association) but are registered with the City of Pomona and meet the requirements stated above. These leagues may only play with age appropriate teams or divisions.
