### Environmental Review

The Draft Housing Element and the Implementation Amendments include revisions to the Pomona General Plan, Pomona Zoning Ordinance, the Pomona Corridors Specific Plan, the Pomona Downtown Specific Plan and various Ordinances relating to the City's housing and emergency shelter program to bring the City's housing programs into compliance with state housing element law. The Draft Housing Element and the Implementation Amendments identify appropriate zoning for emergency shelter locations in the City, clarify certain development standards for emergency shelters and high density housing and impose certain minimum density and parking requirements for high density housing. The City of Pomona previously adopted an Environmental Impact Report ("EIR") for the Pomona General Plan and the Pomona Corridors Specific Plan which included analysis of the City's Housing Element and housing programs. The proposed amendments shown in the Draft Housing Element and the Implementation Amendments proposed to implement the programs and policies in the Draft Housing Element and do not trigger the preparation of a new or subsequent EIR since none of the conditions requiring preparation of a subsequent EIR or negative declaration have occurred, the changes that are part of the Draft Housing Element or the Implementation Amendments would not result in any significant impacts not considered under the original EIR. As a result, an EIR Addendum has been prepared in accordance with Section 15162 and 1564 of the California Environmental Quality Act ("CEQA") Guidelines.
