

Residential Yard Waste Collection (Green Container)

Weekly collection begins at 6 a.m. (Monday – Friday). The green container is for your yard waste (leaves, grass, weeds, shrubs and tree trimmings) only. Yard waste is simply defined as “what grows in the yard”. Trimmings should be cut up to the amount of waste that can fit in the container. Do not use plastic bags. All yard waste (or green waste) materials must be placed inside the container for collection. Bagged or items placed outside or on top of the container will not be collected.

PLEASE KEEP THE GREEN CLEAN
